Hello Hang!

Just started my third day for Niantic's contract! However I needed your help to link my assignment to my Adecco account, as I don't see it active in my profile. I do however receive the assignment details in my email.

I tried calling customer support but was told that Niantic would more than likely to help me, but the team at Niantic suggests I contact Adecco.

How do I update my assignment info to my Adecco account?

Thank you so much and hope you're having a good weekend.

Luis
